

NAMES THAT STAND FOR FINE WINE

Anthony & Dominic

This elegantly structured 2012 Napa Valley Pinot Noir is our initial release and the first Pinot Noir in five generations of winemaking to carry our family's names. The flavor profile is fruit driven with berry and spice accents, a medium body, soft tannins and a satisfying finish that is ready to enjoy. We like to think this wine would have been welcomed by any generation at our family's traditional Sunday dinners.

93.5% NAPA VALLEY PINOT NOIR 6.5% NAPA VALLEY SYRAH
8 MONTHS IN NEW FRENCH AND SECOND VINTAGE
AMERICAN OAK BARRELS
ALCOHOL 13.0% 0.5 RS 6 84586 00560 6

Our grandfather, Anthony Dominic Scotto Sr. (2nd from left), with his brothers Leo, Sal and Father Dominic; circa 1946

Through the years, our family has instilled their values, traditions and winemaking standards in the next generation. They also handed down two names that appear throughout our family tree: *Anthony & Dominic*. Our wines are a tribute to the family members that carried our names before us.

THE SCOTTO FAMILY

FIFTH GENERATION VINTNERS

My grandfather, Anthony Sr., started his wine career in 1940, selling gallon jugs of his father's homemade red wine from a pushcart in their Brooklyn neighborhood. Twenty-three years later he moved the family to California, just in time for the 1963 harvest. He bought a winery about 40 miles from San Francisco where his sons learned to make wine. We will always remember the Sunday night dinners at his winery home, when he passed along the family history and made sure we understood that the best wines are those enjoyed with family and food.

Today my brothers, sisters and I are the 5th generation of Scotto Family vintners. We hope you will share our wines with your family and friends at the dinner table, like my grandfather taught us many years ago.
