Awards

99 Points - Just Wine Points “Consistently one of the best chardonnays we taste every year. As we've stated before, this is what chardonnay is supposed to taste like! All fruit, no oak, in a superbly-crafted, well-balanced wine exhibiting crisp tropical fruit, apple, peach and pear flavors with light floral elements, ending in a finish that goes on and on and on. It really doesn't get much better than this!”
