

# FRUIT & VINE

Mother Nature was enjoying her varietal wines when she realized they would be even better with a touch of her favorite fruits. The result is the perfect combination of California's tastiest fruits & vines, unfiltered so the ripe flavors and rich aromas can be poured at their flavor peak. It's ready to serve chilled or over ice, and with 6% alcohol it's ideal for casual cocktails, family celebrations and tailgates in any season.

*Now, this fiesta of flavors includes two delicious new tastes!*
