STU PEDASSO CELLARS PRIVATE STOCK. RED TABLE WINE 2012 NORTH COAST

"I sold a few assets and continue to bottle some fantastic treasures...and yes at an unbelievable value"

Stu is still on the prowl, prospecting for bulk wines to blend and bottle for his customers. He continues to offer his Private Stock Red Table Wine to anyone who can hold a glass. This wine has undergone extensive late night party testing and wine critic analysis, so you can drink with confidence.

This release is full-bodied with intense color, concentrated dark fruit flavors and moderate oak accents and tannins. Layers of dark stone fruit and black cherry make this wine ready to drink now or at your leisure for the next three years. Once poured, the flavors and aromas will become even more delicious after a few minutes in the glass. Enjoy!
