

# LODI RULES for Sustainable Winegrowing

## CREATED BY FARMERS

Launched as a grassroots educational integrated pest management program in 1992.

## ACCREDITED BY SCIENTISTS

Accredited and certified by Protected Harvest – a group of environmental NGOs, agricultural experts, and scientists.

## GENERATIONAL FARMING

Farmers are committed to protecting and preserving their land and community for future generations.

WE EFFICIENTLY USE

## WATER

Carefully managing quality and efficiency while appreciating every drop.

WE CARE ABOUT

## ECOSYSTEM

Encouraging biodiversity and practicing stewardship.

WE RESPECT

## PEOPLE & COMMUNITY

Making our vineyards a safe, rewarding environment to work in. Engaging and supporting our neighborhoods.
